

NHSA End of Season Meet
March 19-21, 2021
The Workout Club Salem, NH

We are looking forward to seeing you at the meet this weekend!

Note: Scratches due Wed.3/17 bt 7:00 PM...help eliminate empty lanes. The meet is pre-seeded.

There is plenty of parking at the Workout Club. The small parking area to the left of the building will be blocked off to allow swimmers to walk to and from the building safely. If the weather is nice, families can gather there and bring chairs etc while waiting for their swimmer. There will be a Tshirt Vendor set up in that parking lot for anyone interested.

Swimmers should enter through the rear door of The Workout Club (Go past front entrance to side parking lot to rear walkway) See attached map. **Swimmers will exit The Workout Club through the front entrance.**

- Remember there are no spectators. Parents can walk their swimmers to the rear entrance.
- Information for parents working the meet will be sent out.
- Anyone entering the club should be wearing a mask.

It is very important that swimmers give themselves plenty of time for check-in and have temps taken.

Swimmers must wear masks at all times except when actually swimming in the pool. Plastic bags will be given to swimmers to use for their masks while they are actually swimming.

Swimmers must come to the pool with suits on - locker rooms will not be used except for bathroom facilities. Swimmers can bring bags on deck for their essentials.

Coaches and Officials should enter the pool area through the Aquatics Office or the door to the pool adjacent to the office. Once you enter The Workout Club you can walk to the front area and turn left.

The Family Locker Rooms near the Aquatics Office are for coaches and officials to use.

There will be a Hospitality Room set up for Officials and Coaches for the duration of the meet in the WC Party Room. There will not be concessions for swimmers.

Each team will be given a section of bleachers or area of folding chairs to use for their team. Bleachers will be marked with tape at distances for each swimmer. We expect that swimmers will distance themselves from their teammates by putting their items and seating themselves on the marked spots.

In order to stay socially distant, there should not be any more than 1 heat behind the blocks. There should be enough time between events for swimmers to head to the blocks when the heat before them is in the water. This may not be possible for the younger swimmers so we ask that teams help keep them distanced.

The meet will be livestreamed and announced to help viewers outside the pool area. Families can use this [livestream link](#). Please pass this link on to your parents.

Meet results will be available on Meet Mobile.

We are asking all teams to help with jobs (mostly timing). Please forward the link to your families and they can sign up directly. Job assignments are proportionate to the number of swimmers each team has in that session. Please have your families only sign up for jobs assigned to your team. If there are jobs unfilled we can open them up to anyone later in the week. (will attach link)

Timing & On-Deck jobs during the 15-18 sessions are being reserved for Senior parents so please be sure your Senior parents are the ones to sign up for them,

Time trials: So far we are planning a short session of time trials after the end of the sessions on Sunday. Once we clear the deck there will be about a 20 min warm up before the time trials. No distance events. We reserve the right to not permit a time trial. Time trials must be registered by the end of the Saturday session at a time to be determined.

Please let us know if you have any questions or concerns. It will be great to see the kids swim!

Marilyn & Steve
