These events will NOT be scored and must be noted on the entry as Exhibition Events with an "Exh". \$10.00 for time trials

Non-electronic entries: \$42.00 per swimmer.

ELECTRONIC ENTRIES: Electronic entries should be emailed as an attachment to the entry chairperson at uvac.entries@gmail.com. Please check that your team name, address, and contact information are listed correctly in this file. For email entries, payment and hardcopy of the entry (including signed entry cover page and waiver) must be received by: 03/08/22

ENTRY TIME UPDATES: Entry times may be updated until the Monday prior to the first day of the meet (03/14/22). No new entries will be accepted after the entry deadline. Entry time updates should be sent via email to the entry chairperson at uvac.entries@gmail.com. Entry time updates must be sent as Hy-Tek format CL2 files with updated times.

ENTRY TIMES: All entry times must be entered in the specified meet course. (Coach's times should be used instead of NT's)

RELAYS: Swimmers may participate in one medley relay and one free relay. Notice that in the events file there is overlap in the relay age groups for teams to have a broader group of swimmers eligible for a particular relay. E.g., there are 11-14 relays in the 13-14 age group session and 13-19 relays in the 15-19 session. (Similar to allowing 13-14 swimmers to age up and participate in a 15-19 relay.) Relays entries and seed times must be included in the meet entries file. Swimmer names for the relays may change up to the start of the event. Relay cards with swimmers' names and order will be turned in to the computer table (if different than what is submitted with entries). Each team is allowed an unlimited number of relay entries in an event but only the top two can score points and receive awards.

- Use of Electronic Relay Judging Pads: Dual Human Confirmation of relay take off violations will be required at all New England Swimming meets. If Electronic Relay Judging pads are to be used at a meet, they will serve in the following capacity. Once a Dual Confirmation of a relay take off has been confirmed (Dual Human Confirmation), the Meet Referee or his/her designee shall request the RJP data. This data can only be used to support the disqualification or overturn the disqualification. In the event the RJP data is either missing or deemed invalid, the disqualification will stand. Electronic Relay Judging Pads will not be used at this meet.
- All relay swimmers must be officially entered into the meet.
- Unattached swimmers may not participate in any relays.

TIME TRIALS: Time trials will be offered at the discretion of the Meet Director and the Meet Referee if time allows. Time trials are \$10.00 for individual events, and \$40.00 for relays.

LEGAL SPLITS– Individual Events: Preferably, legal splits should be requested before the event, by a coach, using a legal split form (available from the Control Table) and the requesting party should supply an additional timer(s) on the lane for the split, if necessary, to ensure an accurate time. (1 timer with touchpad timing, 3 timers without touchpad timing). Timers must be positioned over the lane at the end of the racing course. Optionally, a legal split may be requested after the event using a legal split form when using a fully automatic timing system. The Admin Official has discretion to either grant or deny the request after reviewing the available evidence. Backstroke legal splits must be requested in advance to ensure a legal finish.

LEGAL SPLITS – Relays: All lead-off splits for relays are automatically loaded into SWIMS and do not require additional watches for validation unless there are no touchpads present, or the second swimmer starts in the water. If there are no touchpads, or the second swimmer starts in the water, a legal split form with three watches will be required for entry into SWIMS. Timers must be positioned over the lane at the end of the racing course. It is recommended that coaches report lead-off time discrepancies to the Administrative Referee or Administrative Official.
